We operate by table service; therefore, every item (including drinks) will be presented on one single tab, cash cannot be taken individually. The organizer has the responsibility to organize payment, please speak to Manager for any assistance.

The deposit is taken off the final bill and is not given back to the organizer. Please make own arrangements to collect this from all party individuals attending.

It is the organizer's responsibility to inform the party about the full details of these Terms & Conditions.

Minimum 24 hours notice required for any decrease/increase in party size. Otherwise full booking rate will be charged.

Gratuity

An **10%** discretionary gratuity gets added to every Christmas Party bill due to the additional attention and organization parties require. The gratuity will be given to the serving staff, management is excluded.

Party Behavior

We want all our parties to enjoy themselves, but we also require good behavior once in the restaurant. The booking is not exclusive use of the restaurant and other parties/bookings may be present, we ask that all party members behave accordingly. Any issues arising from this, we will ask to speak to the organizer of the party to calm the situation, after which, if no change, we will ask you to leave but you would still be liable for the booking and all monies owed.

Any **damages** arising from misbehavior or carelessness will result in the restaurant adding a value to the bill to cover the costs of any damages.

We run a **challenge 25** policy when it comes to taking orders for alcohol. All orders for drinks are taken at the table, no orders will be taken at the bar. Any party member that already looks too intoxicated will be refused alcohol. Please make all party members aware of this before attending.

Please notify us of any dietary requirements with a minimum 24 hours prior, so we can accommodate them and plan any replacement in advance.
